Special Costumes for the Charity Ball

Today, we direct special attention to our Dressmaking Department. We have several reasons for doing so. No event of the present social season will be of more interest than the Charity Ball. In making our fall purchases, unusual care has been taken in the selection of materials and trimmings for just such costumes as an occasion of this kind requires. Fully realizing the trouble El Paso people ordinarily have in obtaining a satisfactory dressmaking service, we secured Mrs. J. B. Cass to take charge of our Dressmaking Department. The reputation of Mrs. Cass for making perfect-fitting costumes of all kinds is too well known to dwell upon. We ask customers intending to have this special costume made to attend to it as soon as possible. In fact, we have planned special displays and attractive prices for next week in evening materials and the Trimming Section.

SPECIAL NOTE--In connection with the Dressmaking Department, we wish to remind customers that "estimate orders" only will be taken.

The Corset Determines the Fit of the Gown

An ill-fitting corset means an ill-fitting gown. You must exercise care in the selection of your corset. You must select a proper model for your figure, and then, it must be properly adjusted and laced. Our Corset Section is under the direction of a competent corset-woman. She will be glad to aid you in the proper selection of a corset and see that you are properly fitted in it. We are now ready with all models and all sizes in such well-known makes as--

"Madam Mariette"

"Madam Irene"

"La Revo"

"Nemo"

"Kabo"

Next week we make special showing of black and white hats ranging in price from \$5.95 to \$25.50. See this showing, by all means. Where one hat is to be worn with several costumes of varying colors the black and white hat is the solution. It's a bit smarter than the all black hat and more becoming to most faces.

Costumes Featured Next Week

This, from all indications, is going to be a busy winter socially. So, next week, we feature costumes to meet every requirement of the social calendar.

Handsome Evening Costumes

\$39.50, \$42.50, \$50.00, \$65.00, \$100 and up

At this price range, we make special showing next week of a number of handsome evening gowns, one-of-a-kind styles that are exclusive with us. These gowns come from the leading fashion centers of the world. They are of chiffon, jetted net, crepe de chene, messaline and other handsome evening fabrics, and are elaborately ornamented with delicate laces, heavy silk embroidery, etc. Handsomer gowns have not been seen in El Paso this season.

Dresses for Street and Semi-Dress

At this price range, you find here a great variety of stylish dresses, embracing tailored cloth dresses, cloth dresses that are trimmed with Persian bands or show dainty yoke, and silk and velvet dresses suitable for small social gatherings. Prices range from \$8.50, \$12.95, \$15.00, \$16.50, \$18.75, \$20.00 and \$24.50.

\$25.00 Dresses

At this favorite price, there is a remarkably wide range of pretty, stylish dresses. Just to give you an idea of what "\$25.00 dresses" are like, we have selected one model for description.

This is an acollenne silk dress--can be had in rose, green, navy blue, brown and one or two other shades. The silk has a deep border--Oriental design done in contrasting colors. This is used to form the upper part of the bodice and a heading for the hem of the skirt. Dress is made with dainty net yoke and half sleeves. The sleeves are the favorite "peasant" style, and sleeves and shoulders are tucked and have clusters of small satin buttons.

Altogether, it's a very pretty dress and has quite a distinctly Parisian air. It is only one of many attractive models, in silk and cloth, that you find in our \$25.00 line.

Embroidered Baby Flannels

We direct special attention to our showing of dainty, white, embroidered flannels for the baby's petticoats. 59c, 75c, \$1.00 to \$1.75 a yard.

Do not yet yet understand, that whatsoever entereth in at the mouth goeth into the belly, and is cast out into the draught?

But those things which proceed out of the mouth come forth from the heart; and they defile the man.

For out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies:

These are the things which defile a man: but to eat with unwashen hands defileth not a man.

IRRIGATION CENSUS WILL BE THE FIRST

CONVICTION OF CHINESE IS HAVING GOOD EFFECT

The convictions obtained by the government at the last term of the federal court, when three Chinamen were convicted of conspiring to smuggle aliens into the United States, has already had a salutary effect. During the last month there have been only eight arrests for illegal residence and only two deportations. The news of the convictions traveled quickly through the Chinese underworld and the deterrent effect is already being felt along the border.
